Ok, yes please provide her availability.

They have to have the Cyber meeting on Tuesday, so I'll see what 5pm looks like for the other Principals.

The Steam meeting needs to occur next week. It is a prebrief to the 6/29 Administrator briefing.

Thank you,

Janita

Hi Janita,

A little late --- please find attached a power point with talking points for Radhika on the Steam rule path forward.

Let me know if we need to adjust anything. It is high level and it presents our path forward in the positive (not pending a decision)

Subject: Updated request - Re: Request by 3:00pm tomorrow - Steam Electric talking points

+Mike

We learned that another AA is planning to use slides, so Radhika would like to as well. Can I pivot the request slightly to include slides (likely a shortened version of what you successfully used with the Administrator)? The high-level talking points from the original ask remain relevant and could be added in the PowerPoint notes field.

The 3:00pm deadline tomorrow should still work, and we may add a short brief/dry run with Radhika on Wednesday afternoon (after the hearing).

If you have any questions or concerns, please let me know.

Thank you,
Janita

Good morning Deborah,

As I mentioned earlier, we have a request for Steam Electric talking points to be used in a meeting on Power Plants with White House Officials on Thursday. Please prepare detailed, but high-level talking points that Radhika can use for this meeting. The talking points may need to recognize the perspective from White House and our option that we intend to move forward. We are seeking the draft talking points by **3:00pm tomorrow (Tuesday)** for review by Elizabeth Cisar and me, and we'll provide the final versions to Radhika by 2:00pm on Wednesday.

If you have any questions or concerns, please let me know.

Thank you,

Janita

Good Morning,

Really nice job with the revised slides and talking points. I am attaching some suggested edits from OST on both documents for your consideration.

Thank you!

Mike

Subject: Please use these - RE: Updated request - Re: Request by 3:00pm tomorrow - Steam Electric talking points
Importance: High

Good morning,

A few things evolved overnight. If possible, please use these versions to review for accuracy. Changes noted below.

Slides – added new slide 2 graphic based on feedback from Radhika; moved talking points from the Notes section to a standalone document. No other changes from the slides that Elizabeth sent yesterday.

Talking Points – Renumbered slides to accommodate the new graphic slide 2. Deleted an extra word that spell check caught. No other changes from what Elizabeth sent yesterday.

Today's plan – Our dry run with Radhika has been moved up to 2:00pm today. Elizabeth and I will also listen in to a meeting with AO at 8:30am (and we may need to share the attached slides but will caveat that our experts are doing a final accuracy check). We will pass along any new or evolving details.

Thank you,

Janita

Hi Janita,

A little late --- please find attached a power point with talking points for Radhika on the Steam rule path forward.

Let me know if we need to adjust anything. It is high level and it presents our path forward in the positive (not pending a decision)

-Deborah

Subject: Updated request - Re: Request by 3:00pm tomorrow - Steam Electric talking points

+Mike

We learned that another AA is planning to use slides, so Radhika would like to as well. Can I pivot the request slightly to include slides (likely a shortened version of what you successfully used with the Administrator)? The high-level talking points from the original ask remain relevant and could be added in the PowerPoint notes field.

The 3:00pm deadline tomorrow should still work, and we may add a short brief/dry run with Radhika on Wednesday afternoon (after the hearing).

If you have any questions or concerns, please let me know.

Thank you,
Janita

On Jul 12, 2021, at 10:21 AM, Aguirre, Janita <Aguirre.Janita@epa.gov> wrote:

Good morning Deborah,

As I mentioned earlier, we have a request for Steam Electric talking points to be used in a meeting on Power Plants with White House Officials on Thursday. Please prepare detailed, but high-level talking points that Radhika can use for this meeting. The talking points may need to recognize the perspective from White House and our option that we intend to move forward. We are seeking the draft talking points by **3:00pm tomorrow (Tuesday)** for review by Elizabeth Cisar and me, and we'll provide the final versions to Radhika by 2:00pm on Wednesday.

If you have any questions or concerns, please let me know.

Thank you,
Janita

Hi Allison:

Sorry there has been some confusion with the slides! We made some tweaks to the version that OLEM and OAR dropped their slides into. This version of the OW slides is the one Radhika prepped with. It has the graphic slide she asked for.

Happy to chat.

Elizabeth Cisar

Subject: OW Steam Electric Presentation for 7/15 briefing

Alison:

Attached is OW's deck for the 7/15 presentation. I've dropped the slides into the draft deck OAR circulated.

Notes:

- I added language to Slide 2, Overall strategy. I added to the second bullet a reference to the  Ex. 5 Deliberative Process (DP)
- I did not include the slide on the impacts of the ELG on existing plants, assuming that will be covered in the master slide being created to show the impacts of all the agency's rules on coal plants. Let me know if I misunderstood that, and we can add that slide back in.

Hi Everyone:

First, a giant thanks to the OST for being so responsive and turning things around so quickly. Greatly appreciated!

I'm attaching the slides for the presentation. As you'll see, they are embedded in a deck created by OAR. I've left them in there for context so Radhika has a feel for how OAR is presenting (as of 9 AM today).

I'm also attaching the draft talking points. We may need to move the reference to stakeholder input based on our discussion during the prep meeting.

Looking forward to the discussion.

Subject: draft egu deck

Thanks all for the contributions to the attached draft deck for tomorrow's presentation. I added an intro slide based on our discussion this morning. I have no pride of authorship so feel free to make suggestions. I plan to kick it off with that slide and about 1 minute at the top and then turn it to Radhika.

We're going to need to be efficient to be able to achieve our goal of giving an overview of at least ELG, CCR and MATS in 45 minutes. For

Ex. 5 Deliberative Process (DP)

Carlton will be updating the OLEM slides later today; Carlton I made comments in that section to point to things I think need to be added. One additional comment here in the email: I haven't been in discussions about the four CCR rules under development (e.g., the "legacy surface impoundment rule")

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I'll of course take comments from others. I'll turn a final around before 8:30 tomorrow.

Flag: Follow up

Radhika,

Attached is the “final” draft Declaration for the Steam Litigation. Melissa has already reviewed. Please let us know if you are fine with it or have edits.

NOTE: if you sign the FRN tomorrow. We will add a sentence that says something like, “I have signed a notice for publication in the Federal Register announcing EPA’s intent to conduct a new rulemaking.” And then there could be a link to the website where we post it.

Status of the FRN – We have made edits to the FRN to be consistent with the press release and declaration. Melissa is reviewing now. I will send it to you for your final review before we upload it in the CMS system along with the action memorandum to transmit to OP for transmission to the Federal Register Office.

Let me know if you need anything else.

Hi all,

Mike suggested I go ahead and send to you all what we have so far of the package for this, so that you can start your reviews. Radhika currently wants to sign this **tomorrow**. Please note that Melissa Hoffer is still reviewing and there may be additional edits coming from OGC. We expect these to be minor.

This hasn't yet gone through FR liaison review, so hoping you all can provide your reviews relatively quickly to get that finished on time for Radhika's signature.

OGC concurrence and Deborah's action memo to come.

Thank you,

Erica Weyer

Hi all,

Since notifications are starting as early as today, I wanted to share a slightly updated version of the comms plan and talking points. These incorporate the feedback provided today, including the revised quote, Radhika's feedback, and OGC comments on the talking points. On the comms plan, I also added the list of petitioners and made slight additional tweaks to the notifications.

Best,
David

On notifications — to Radhika's question yes I will handle the ECOS notification.

I can also take Alan Roberson and Julia Anastasio if helpful, or I can defer to OW if you all prefer to handle those.

Timing tick-tock of rollout looks good to me.

Good morning,

Thanks for these materials. I've reviewed and:

- Press release looks good
- Talking points look good
- I had a few questions/comments for the notifications (OST/David please take a look)

Also, on the FAQs, could we please make them a standalone document and also include the additional questions I have in red below. Team OST, this material exists in other documents you've prepared so it shouldn't be too difficult to assemble and then have David Risley do his editing magic.

Q&As for Press Office Use

This is now reviewed and approved by OST and OGC. October 2021 is correct. The only other minor feedback I received from OST and OGC this morning is that Southern Company is the parent company of Georgia Power, so the companies listed in the response to #7 are American Electric Power, Duke, and Southern Company. I made these updates in the attached.

Subject: Pending Internal Meeting and Briefing Requests
Attachments: Request 190 - Stakeholder Engagement options for revisions to MDBP Rule.pdf; Request 191 - 2021 Financial Capability Assessment (Affordability Analysis).pdf; Request 192 - Tribal Action Plan Roundtable.pdf; Request 193 - Draft Nutrient Policy Memo.pdf; Request 194 - Steam Electric ELG Follow Up.pdf; Request 195 - Urban Waters Brainstorm and Preparation for Meeting with DOI.pdf

Hi Radhika,

Please see the list of internal meeting requests, as well as the list of internal briefing requests (with associated form attached) for consideration. You can approve, decline, or delegate the request. If you have specific feedback on the attendees or timing, please let me know. Once I hear back from you, I'll coordinate with Crystal and others to get the approved requests scheduled.

Internal Meeting Requests (no associated forms)

- 1-on-1 with Carlton & Radhika – 15 minutes, week of May 17
- Washington HHC Planning – 15 minutes with Benita and Deborah, as soon as possible to make a plan to receive Administrator's decision
- PFAS Council Meeting – 1 hour, week of May 17 or 24 with Joe Tiago; Avi Garbow; Alison Cassady; John Lucey; Deb Szaro; Jennifer McLain; Andrea Drinkard

Internal Briefing Requests (see also forms attached)

- 1. Request 190 – Stakeholder Engagement Options for revisions to MDBP Rule**
 - a. Requested by OGWDW
 - b. Proposed timetable: 5/10/2021 – 5/21/2021
 - c. Duration: 1 hour
- 2. Request 191 – 2021 Financial Capability Assessment (Affordability Analysis)**
 - a. Requested by OWM
 - b. Proposed timetable: 5/24/2021 – 6/4/2021
 - c. Duration: 45 mins
- 3. Request 192 – Tribal Action Plan Roundtable**
 - a. Requested by OST
 - b. Proposed timetable: 5/19/2021 – 5/28/2021
 - c. Duration: 1 hour
- 4. Request 193 – Draft Nutrient Policy Memo**
 - a. Requested by OWOW
 - b. Proposed timetable: 5/18/2021 – 5/26/2021
 - c. Duration: 1 hour
- 5. Request 194 – Steam Electric ELG Follow Up**
 - a. Requested by OST
 - b. Proposed timetable: 5/17/2021 – 5/21/2021
 - c. Duration: 1 hour
- 6. Request 195 - Urban Waters Brainstorm and Preparation for Meeting with DOI**
 - a. Requested by OWOW
 - b. Proposed timetable 5/19/2021 – 5/28/2021
 - c. Duration: 1 Hour

Thank you,

Hi Crystal,

Please schedule this when you get a chance. The ideal day for this would be Tuesday, June 22 (or Wednesday – but it looks full) because that would give enough time to receive and implement any feedback prior to the Administrator’s briefing the following week.

Thank you,

Janita

Importance: High

Hi Radhika,

Please see the bundle of material needing your review/action/awareness, as time allows.

Action/Review/Awareness

- CMS packages – 1 item
- Steam Electric talking points
- Follow-up - Request for ORD support for WOTUS (from John)
- NDWAC attachment and chart (from OGWDW)
- Tribal Action Plan (from David Risley)
- COVID Survey (from David Risley)
- PFAS strategic roadmap revisions + Action Plan Template (from Joe)
- Updated HTF TPs for call to Mike Naig (if interest in holding next HTF meeting in-person, OWOW needs to know sooner rather than later) (from Tom Wall)
- Notes – TSCA Section 6 - from Colleen
- Notes - Designating PFOA/PFOS as CERCLA Hazardous Substances NPRM: Pre-Brief for Early Guidance Meeting (SAN 7204; Tier 1) - from Chris
- For awareness - NPDES Overview (from OWM)
- Congressional requests tracker as of 6/23/21
- Yazoo OW Briefing materials (from OWOW)
- Priorities documents from Office Directors (3 of 4, OST's may have been sent without cc to me)

Thank you,

Janita

Subject: RE: Yazoo & Steam Electric
Attachments: 06.29.21_Steam Electric ELG Administrator Memo.docx; 06.29.21_Steam Electric ELGs Administrator Briefing.pptx; OW-50 Yazoo Backwater Area Pumps Project (Mississippi).docx; DRAFT Briefing Memo on Yazoo.docx; Thompson Incoming 6-3-21.pdf; Attachment 1 - draft CWA 404 requirements applicable to Yazoo issues.docx; Attachment 2 - draft Summary of Significant Events Regarding the Yazoo Backwater Area Pumps Project.docx; Attachment 3_Draft options paper - Yazoo for 6.16.2021 briefing at 10am_(1 of 2).pdf; Attachment 4 - draft Alternatives for reducing flood risk in the Yazoo Backwater Area using a nonstructural approach.docx

For Steam Electric – attached are the materials used recently to successfully brief the Administrator (two attachments).

For Yazoo – attached are a fact sheet and the following material used in a recent meeting with Radhika (7 attachments).

- High-level fact sheet
- Draft Briefing Memo
- Thomson Incoming.
- Four deeper dive attachments (including a map graphic in Attachment 2 that may be helpful).

I hope this helps!

Subject: For Early Review - Steam slides/TPs
Attachments: Steam Electric ELGs WH Briefing 7_13_21dgn ejc.pptx

Hi Radhika and Elizabeth,

I'm sharing an early version of these for Radhika's review, looping Elizabeth, and updating you both on the status of things.

- Slides – these include Elizabeth's edits to streamline and reorder the slides, and update the talking points. Radhika, after your early review, please let us know if you need to see these again before I send to AO.
 - OST is meeting at 8:15am tomorrow to review/confirm that this version captures all the nuances and information accurately. So the attached may change slightly.
 - Alison/AO has requested our final slides no later than noon tomorrow (although earlier is better – because there's an 8:30am prep meeting, but I don't think that will be possible to meet).
- Status – tomorrow's meetings
 - 8:30am meeting – AO/internal EPA prep meeting; Radhika will not attend, but I have asked Alison to add Elizabeth (and me) to listen in.
 - 4:30pm meeting – OW prep meeting; scheduled to allow a buffer after the hearing for Radhika and around the LCRR Roundtable that Elizabeth will attend. – Radhika has asked if this meeting could occur earlier, and I outlined the sideboards (buffer, Roundtable) and asked for her preference.

Thank you,

Janita

Importance: High

Good morning,

A few things evolved overnight. If possible, please use these versions to review for accuracy. Changes noted below.

Slides – added new slide 2 graphic based on feedback from Radhika; moved talking points from the Notes section to a standalone document. No other changes from the slides that Elizabeth sent yesterday.

Talking Points – Renumbered slides to accommodate the new graphic slide 2. Deleted an extra word that spell check caught. No other changes from what Elizabeth sent yesterday.

Today's plan – Our dry run with Radhika has been moved up to 2:00pm today. Elizabeth and I will also listen in to a meeting with AO at 8:30am (and we may need to share the attached slides but will caveat that our experts are doing a final accuracy check). We will pass along any new or evolving details.

Thank you,

Janita

Subject: Updated request - Re: Request by 3:00pm tomorrow - Steam Electric talking points

+Mike

We learned that another AA is planning to use slides, so Radhika would like to as well. Can I pivot the request slightly to include slides (likely a shortened version of what you successfully used with the Administrator)? The high-level talking points from the original ask remain relevant and could be added in the PowerPoint notes field.

The 3:00pm deadline tomorrow should still work, and we may add a short brief/dry run with Radhika on Wednesday afternoon (after the hearing).

If you have any questions or concerns, please let me know.

Thank you,
Janita

Thanks, Janita. A few follow-up questions:

1. Steam Electric: Next week, EPA will inform the court that it intends to initiate a rulemaking process to strengthen water pollution guidelines for power plants that use steam to generate electricity – **which court?**
2. EPA will implement the 2020 Steam Electric Reconsideration Rule and simultaneously conduct a rulemaking to potentially strengthen the Steam Electric Effluent Limitation Guidelines (ELGs) (40 CFR Part 423) under the Clean Water Act (CWA).
What do the Electric Reconsideration Rule and the Steam electric ELG entail?
3. Because this rulemaking process could result in more stringent ELGs that would address petitioners' claims in current litigation pending in the Fourth Circuit Court of Appeals, the Department of Justice, in coordination with EPA, is requesting long-term abeyance from the Court. **Who are the petitioners here? I don't need a long list, but is it a municipality or state, or private citizen, or industry?**
4. Final Recommended Criteria to Address Nutrient Pollution in Lakes and Reservoirs – **In what context are we referring to 'nutrient pollution' here? Does that refer to fish or other wildlife that is consumed?**

See below.

1. Steam Electric: Next week, EPA will inform the court that it intends to initiate a rulemaking process to strengthen water pollution guidelines for power plants that use steam to generate electricity – **which court?** Fourth Circuit Court of Appeals (right?) – Correct.
2. EPA will implement the 2020 Steam Electric Reconsideration Rule and simultaneously conduct a rulemaking to potentially strengthen the Steam Electric Effluent Limitation Guidelines (ELGs) (40 CFR Part 423) under the Clean Water Act (CWA). **What do the Reconsideration Rule and the Steam electric ELG entail?** One/two sentences if possible

The 2020 Steam Electric Reconsideration Rule is an Effluent Limitation Guidelines and Standards (ELGs) rule focused on reducing toxic and nutrient pollutants from two waste streams (Flue Gas Desulfurization and Bottom Ash Transport Water) discharged from coal-fired electric plants to water.

3. Because this rulemaking process could result in more stringent ELGs that would address petitioners' claims in current litigation pending in the Fourth Circuit Court of Appeals, the Department of Justice, in coordination with EPA, is requesting long-term abeyance from the Court. **Who are the petitioners here?** List and type of group will be helpful (municipality, state, private citizen, or industry)

Clean Water Action; Environmental Integrity Project; Sierra Club; Waterkeeper Alliance, Inc.; Natural Resources Defense Council, Inc.; Center for Biological Diversity; PennEnvironment, Inc.; Chesapeake Climate Action Network; Prairie Rivers Network; Appalachian Voices; Good Stewards of Rockingham; Stokes County Branch of the NAACP; and Winyah Rivers Alliance. All are environmental groups.

4. Final Recommended Criteria to Address Nutrient Pollution in Lakes and Reservoirs – **In what context are we referring to 'nutrient pollution' here? Does that refer to fish or other wildlife that is consumed?** Nitrogen/phosphorus pollution; freshwater; fish and aquatic-dependent wildlife (is that correct)?

It does not refer to fish or wildlife that is consumed. Low oxygen levels in water that kill fish and other aquatic species, and harmful algal blooms that can harm humans through drinking water or when swimming.

Subject: By end of day - AO questions - report entries
Importance: High

Hi Erica,

I have some follow-up questions from the Administrator's Office on the report entries. Can you help me get responses that I can send up today?

1. Steam Electric: Next week, EPA will inform the court that it intends to initiate a rulemaking process to strengthen water pollution guidelines for power plants that use steam to generate electricity – **which court?** Fourth Circuit Court of Appeals (right?)
2. EPA will implement the 2020 Steam Electric Reconsideration Rule and simultaneously conduct a rulemaking to potentially strengthen the Steam Electric Effluent Limitation Guidelines (ELGs) (40 CFR Part 423) under the Clean Water Act (CWA). **What do the Reconsideration Rule and the Steam electric ELG entail?** One/two sentences if possible
3. Because this rulemaking process could result in more stringent ELGs that would address petitioners' claims in current litigation pending in the Fourth Circuit Court of Appeals, the Department of Justice, in coordination with EPA, is requesting long-term abeyance from the Court. **Who are the petitioners here?** List and type of group will be helpful (municipality, state, private citizen, or industry)
4. Final Recommended Criteria to Address Nutrient Pollution in Lakes and Reservoirs – **In what context are we referring to 'nutrient pollution' here? Does that refer to fish or other wildlife that is consumed?** Nitrogen/phosphorus pollution; freshwater; fish and aquatic-dependent wildlife (is that correct)?

Thank you,

Janita

Subject: Re: OW entries this week - WH Cabinet report

Hi! Please see below (in blue if my phone keeps the formatting), and let me know if you need anything else.

1. Steam Electric: Next week, EPA will inform the court that it intends to initiate a rulemaking process to strengthen water pollution guidelines for power plants that use steam to generate electricity – **which court?** Fourth Circuit Court of Appeals
2. EPA will implement the 2020 Steam Electric Reconsideration Rule and simultaneously conduct a rulemaking to potentially strengthen the Steam Electric Effluent Limitation Guidelines (ELGs) (40 CFR Part 423) under the Clean Water Act (CWA). **What do the Reconsideration Rule and the Steam electric ELG entail?** The 2020 Steam Electric Reconsideration Rule is an Effluent Limitation Guidelines and Standards (ELGs) rule focused on reducing toxic and nutrient pollutants from two waste streams (Flue Gas Desulfurization and Bottom Ash Transport Water) discharged from coal-fired electric plants to water.
3. Because this rulemaking process could result in more stringent ELGs that would address petitioners' claims in current litigation pending in the Fourth Circuit Court of Appeals, the Department of Justice, in coordination with EPA, is requesting long-term abeyance from the Court. **Who are the petitioners here?** All are environmental groups. (Clean Water Action; Environmental Integrity Project; Sierra Club; Waterkeeper Alliance, Inc.; Natural Resources Defense Council, Inc.; Center for Biological Diversity; PennEnvironment, Inc.; Chesapeake Climate Action Network; Prairie Rivers Network; Appalachian Voices; Good Stewards of Rockingham; Stokes County Branch of the NAACP; and Winyah Rivers Alliance.)
4. Final Recommended Criteria to Address Nutrient Pollution in Lakes and Reservoirs – **In what context are we referring to 'nutrient pollution' here? Does that refer to fish or other wildlife that is consumed?** It does not refer to fish or wildlife that is consumed. Low oxygen levels in water that kill fish and other aquatic species, and harmful algal blooms that can harm humans through drinking water or when swimming.

Thank you,
Janita

Here's the latest FRN that we are running through pre-signature formatting and final review. Please review this version. I believe we may also be awaiting final OGC review from Melissa.

This is all moving so quickly, so Deborah or others correct if I've misstated something.

Thank you,

Janita

Hi Radhika,

Please see the Steam Electric bundle. I'll also sweep this into the weekend bundle of material.

- Attached - Signature Bundle (declaration and FRN to sign on Monday)
- Attached - Press release/comms plan
- Attached - Talking points
- Attached - Steam Memo we did for Administrator
- Attached - Talking points/presentation they used for Administrator
- Coming from David when ready - FAQs (being developed)
- Nothing else attached - ~~A couple of other short documents (if they have them but not required — for context)~~

Thank you,

Janita

Hi Radhika,

Please see the attached signature bundle for your review. We are targeting your signature on Monday, July 26. If you have any questions or need anything, please let me know.

- **SIGN on Monday:** Declaration – Sign in PDF by clicking the signature box and using your PIV/pin to apply the signature.
- **SIGN on Monday:** FRN – Sign using the WORD digital signature (if you need assistance, let Kelley or me know).
- Action memo from Deborah to Radhika
- OGC concurrence
- Typesetting request form with new FRL number
- Compass document

Thank you,

Janita
